July 17, 2017

The Honorable Mayor and Board of Aldermen,
And Citizens of Brentwood, Missouri

State law and local ordinances require that all general purpose local governments publish a complete set of financial statements presented in conformance with U.S. generally accepted accounting principles (GAAP) and audited in accordance with U.S. generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to the requirement, we hereby issue the comprehensive annual financial report (CAFR) of the City of Brentwood, Missouri (the City), for the fiscal year ended December 31, 2015.

Management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformance with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Daniel Jones and Associates, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the City for the year ended December 31, 2016, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall basic financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that City of Brentwood, Missouri's financial statements for the fiscal year ended December 31, 2016, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Brentwood's MD&A can be found immediately following the independent auditor's report.

PROFILE OF THE GOVERNMENT

Established in the early 1800's, the City was known as Maddenville and governed by a Board of Trustees. Brentwood received its current name and became incorporated in 1919. The City covers approximately 2.6 miles. Brentwood is a small city with a population of 8,000.

The City is a fourth class city and is governed under the City Administrator form of government. The legislative body is comprised of the Mayor and an eight member Board of Aldermen. Two aldermen are elected from each of the City's four wards to serve two-year terms.

The City is located within suburban St. Louis County with easy access to Highway 40 (I-64), the Inner belt (I-170), and I-44. The City is within 15 minutes of the Lambert-St. Louis International Airport and within 10 minutes of the downtown business and industrial heart of St. Louis. Moreover, it is just five minutes from the St. Louis County Government offices located in Clayton. This location helps to make the City a sought after place in which to live and to operate a business.

LOCAL ECONOMY

The City continues to benefit from its strong and diversified local economy. We continue to experience stability in sales tax revenue as a result of past and current development strategies. While we cannot predict that the trend will continue, we plan to take advantage of this trend to build our cash reserves to a level sufficient to support our current service levels and plan for replacement of city equipment and infrastructure.

LONG-TERM FINANCIAL PLANNING

Elected officials and city staff continue to work with federal, state and local officials to find ways to improve Brentwood through transportation projects, accessibility projects maintenance and care of the urban forest and flood prevention programs. The City is able to maintain current levels of service, make capital improvement investments in the City infrastructure and replace equipment and vehicles that have come to an end of their useful life. The City will continue to improve financial results by careful spending in order to ensure city services remain uninterrupted and the needed capital projects are completed.

MAJOR INITIATIVES

The City has several major initiatives completed or underway. The City continued the work on the Hanley Industrial Court Pedestrian Improvement project. The project will extend previous sidewalk improvements within the area and will include pedestrian lighting. Total project cost is

\$938,881 (Federal Match \$751,105, Local Match \$112,776, HIC Association and Pelagic Match (\$75,000). Design work and the purchasing of easements and right of ways were completed in 2016. Construction is scheduled to begin in 2017.

In order to improve the delivery of public safety services the Police Department began the process of becoming nationally accredited through the Commission on Accreditation for Law Enforcement Agencies also known as CALEA. The department has completed the enrollment phase and is now working on the “self-assessment” phase of the process. This involves a review and re-write of the department’s policies and procedures. Full accreditation will provide the department with a uniform set of written directives, strengthen their accountability, and aid them in pursuit of professional excellence.

The City continued work on the Brentwood Comprehensive Plan in 2016. With help from a consulting firm, community and business workshops were held to gain valuable insight from these important stakeholders. To further the process and keep all parties up to date the “Brentwood 20/20 Vision for the Future” portal was created and added to the City’s website. Work will continue in 2017 with an estimated completion date set for the summer.

In late 2016 approval was received to begin work on the Oak Tree Park Pavilion Project which started in December. This project will involve the demolition of the old pavilion and the construction of a new one with restrooms as well as a new parking lot for Oak Tree Park. The estimated cost is approximately \$465,000.

Also, in later 2016, the City undertook an effort to develop a multi-year work plan for providing systematic forestry services in an economical and effective manner. The City now works with a contractor to develop a five to ten year Urban Forest Health Assessment and Action Plan, where maintenance activities will evolve to the direction of improving overall health, longevity and appearance of the City’s urban forest.

The Office of the Court also called the Judicial Department came into full compliance with Senate Bill 5 and 572a which allows citizens to make payments and view their citations online. Additionally, they upgraded to a more robust version of the integrated Metropolitan Docketing System software which provides greater financial controls and an audit trail for each citation.

PENSION TRUST FUND OPERATIONS

The uniformed police and fire personnel have a separate pension plan. According to the most recent actuarial valuation dated January 1, 2017, the accrued benefit security ratio is 98 percent. The recommended contribution increased slightly by \$111,415 and is changed from the Aggregate Funding Method which spreads the remaining cost over the future working salaries of the current participants to the Entry Age Normal Method with an open amortization period of 20 years. This was done to provide better comparability with the GASB disclosures.

AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Finance Reporting to the City of Brentwood for its comprehensive annual financial report for the fiscal year ended December 31, 2015. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City of Brentwood received its first Certificate of Achievement award for the fiscal year ended December 31, 1999.

ACKNOWLEDGMENTS

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service and cooperation of the entire administrative staff of the Finance, Administration, and Planning and Development Departments. Each member of these departments has our sincere appreciation for their contributions made in the preparation of this report. We would also like to acknowledge the assistance of our independent public accountants, Botz, Deal and Company, PC in formulating this report.

In closing, without the support of the Mayor and Board of Aldermen, preparation of this report would not have been possible.

Respectfully submitted,

Karen L. Shaw

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the Board of Aldermen
City of Brentwood, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Brentwood, Missouri (City) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note I to the financial statements in 2016, the City adopted new accounting guidance, GASB Statement No. 72, *Fair Value Measurement and Application*, GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, and GASB Statement No. 77, *Tax Abatement Disclosures* as required by the Governmental Accounting Standards Board. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-12 and 49-51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and budgetary comparison schedules, introductory section, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 17, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Brentwood's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This page is intentionally left blank.

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

This section of the City of Brentwood, Missouri's (the "City's") financial report presents an easily readable analysis of the City's financial activities based on currently known facts, decisions, and conditions. We encourage readers to consider the information presented here in conjunction with additional information, which is furnished in our letter of transmittal. For a comprehensive understanding of the financial statements, please review the City's financial statements, including the footnotes that follow the Management's Discussion and Analysis (MD&A).

As described in Note XIX to the financial statements, the City adopted new accounting guidance, GASB Statement No. 72, *Fair Value Measurement and Application*, GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, and GASB Statement No. 77, *Tax Abatement Disclosures* for the year ended December 31, 2016.

FINANCIAL HIGHLIGHTS

On a government-wide basis, the City's total liabilities exceeded its assets and deferred outflows of resources for the most recent year by \$7,675,883.

Governmental activities had unrestricted net position of (\$22,296,942). This negative amount is due to tax increment revenue bonds totaling \$22,244,505 outstanding at year-end for development not owned by the City.

The cost of the City's governmental activities was \$17,681,566 in year 2016.

As of the close of the current year, the City's governmental funds reported combined ending fund balances of \$13,932,521, an increase of \$23,624 in comparison to the prior year. Of the ending amount, \$4,900,703 or 35% is unassigned funds available for spending at the City's discretion.

At the end of the current year, unassigned fund balance for the General Fund was \$4,900,703 or 47% of the General Fund expenditures.

The City's total debt decreased by \$4,234,375 or 11% during the current year. The City had no new capital lease debt issue in 2016.

OVERVIEW OF THE FINANCIAL STATEMENTS

The MD&A is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains required supplemental information and other supplemental information in addition to the basic financial statements.

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

Government-wide financial statements. The first set of financial statements are the government-wide statements which report information about the City as a whole using accounting methods similar to those used by private-sector business. The two government-wide statements, statement of net position and statement of activities, report the City's net position and how they have changed.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating. The statement of net position also provides information on unrestricted and restricted net position and net investment in capital assets.

The statement of activities presents information showing how the City's net position changed during the most recent year. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of timing of related cash flows.

The statement of activities presents the various functions of the City and the degree by which they are supported by charges for services, federal and state grants, tax revenues, and investment income.

The governmental activities of the City include administrative, police, fire, public works, planning and development, sanitation, building maintenance, recreation, community services, legislative, judicial, municipal operating, library, and intergovernmental as well as interest and fiscal charges. The City does not have any business-type activities.

The government-wide financial statements can be found on pages 13 and 14 of this report.

Fund financial statements. The second set of statements are fund financial statements, which provide information about groupings of related accounts which are used to maintain control over resources for specific activities or objectives. The City uses fund accounting to demonstrate compliance with finance-related legal requirements. The fund financial statements provide more detailed information about the City's most significant funds -- not the City as a whole. The funds of the City can be divided into the following two categories: governmental funds and fiduciary funds. It should be noted that the City does not have any proprietary funds.

Governmental funds. Governmental funds tell how general governmental services were financed in the short-term as well as what financial resources remain available for future spending to finance City programs.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and the government-wide governmental activities.

The City maintains several individual governmental funds according to their type (General, Special Revenue, Debt Service, and Capital Projects Funds). Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Library Fund, Tax Increment Financing District Fund, Pension Tax Fund, Capital Improvements Fund, and Stormwater and Park Improvements Fund which are considered to be major funds. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements.

The governmental funds financial statements can be found on pages 15 through 18 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of individuals or units outside of the City. The City is the trustee or fiduciary responsible for assets, which can be used only for the trust beneficiaries per trust arrangements. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. The City's Pension Trust Fund is reported under the fiduciary funds. Since the resources of these funds are not available to support the City's own programs, they are not reflected in the government-wide financial statements. The statements of fiduciary net position and changes in fiduciary net position can be found on pages 19 and 20 of this report.

Notes to basic financial statements. The notes to basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on page 21 through 48 of this report.

Required supplemental information. In addition to the basic financial statements and notes to basic financial statements, this report presents required supplemental information concerning the City's budgetary comparisons for the General and Library Funds and schedules of funding progress for the City's retirement and other post-employment benefit plans, which can be found on pages 49 through 57 of this report.

Other supplemental information. The combining and individual fund statements provide fund level detail for all nonmajor governmental funds. These statements and budgetary comparison schedules, Capital Improvements, Stormwater and Park Improvements, and Sewer Improvements Funds can be found on pages 58 through 65 of this report.

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

In compliance with the reporting model required by the Government Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, a comparative analysis of government-wide data is also included in this report.

Net position. At the close of the 2016 year, the City's combined net position was \$7,675,883. The governmental activities condensed statement of net position was as follows:

	December 31,		2016 Change	
	2016	2015	Amount	Percent
ASSETS				
Current and other assets	\$ 17,440,561	\$ 18,825,554	\$ (1,384,993)	-7.36%
Capital assets, net	30,854,600	29,720,067	1,134,533	3.82%
Total Assets	48,295,161	48,545,621	(250,460)	-0.52%
DEFERED OUTFLOWS OF RESOURCES				
Deferred amounts related to pensions	3,250,229	3,032,517	217,712	7.18%
Deferred charge on refunding	198,880	198,880	-	0.00%
Total Deferred Outflows of Resources	3,449,109	3,231,397	217,712	6.74%
LIABILITIES				
Long-term debt outstanding	41,891,408	46,382,825	(4,491,417)	-9.68%
Other Liabilities	1,509,668	2,080,616	(570,948)	-27.44%
Total Liabilities	43,401,076	48,463,441	(5,062,365)	-10.45%
DEFERRED INFLOWS OF RESOURCES				
Deferred amounts related to pensions	667,311	679,908	(12,597)	-1.85%
Total Deferred Inflows of Resources	667,311	679,908	(12,597)	-1.85%
NET POSITION (DEFICIENCY)				
Net investment in capital assets	20,081,402	17,848,325	2,233,077	12.51%
Restricted	9,891,423	9,812,977	78,446	0.80%
Unrestricted (deficit)	(22,296,942)	(25,027,633)	2,730,691	10.91%
Total Net Position (Deficiency)	\$ 7,675,883	\$ 2,633,669	\$ 5,042,214	191.45%

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

Net Position increased by \$5,042,214 primarily because the Litzsinger Road Project and the Recreation Complex Project were completed in 2016 and capitalized. As shown in the above schedule, the assets and deferred outflows of resources exceeded the liabilities and deferred inflows of resources by \$7,675,883 at the close of the current year. It should be noted that a positive balance in two categories of net position is shown for the City as a whole.

A portion of the City's net position reflects its investment of \$20,081,402 in capital assets (e.g., land, buildings, and equipment) less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated for these liabilities.

Changes in net position. The City's total revenue on a government-wide basis was \$22,723,780, a decrease over the prior year of \$1,311,082 or 5.5%. In the current year, taxes represent 88% of the City's revenue; capital grants and contributions represents 2% and charges for services represent 7%. The remainder is fines and forfeitures, interest earnings, assessments, state and federal aid (intergovernmental), and other miscellaneous revenues.

The total cost of all programs and services was \$17,681,566. The City's expenses cover a range of typical City services. The largest programs were public safety (police and fire), public works, and municipal operating.

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

Governmental activities. Governmental activities increased the City's net position by \$5,042,214. Key elements of this are as follows:

	For The Years		2016 Change	
	Ended December 31,		Amount	Percent
	2016	2015		
REVENUES				
Program revenues:				
Charges for services	\$ 1,566,884	\$ 1,228,593	\$ 338,291	27.53%
Operating grants and contributions	443,735	363,955	79,780	21.92
Capital grants and contributions	409,382	1,378,301	(968,919)	(70.30)
General revenues:

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus on the City's governmental funds is to provide information and balances of available spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

At the end of the current year, the unassigned fund balance of the General Fund was \$4,900,703. This amount represents 98% of the total fund balance.

The fund balance in the City's General Fund increased by \$324,750 or 7% from the prior year's fund balance. The change in the current year's fund balance is mainly due to departmental budget savings. The City continues to use these funds to increase the General Fund reserve.

The fund balance for the Library Fund increased by \$244,036. This was due in part to the tax rate increase approved by the Library Board in 2016.

The fund balance for the Capital Improvements Fund increased by \$161,895 due to less capital spending upon completion of the Litzinger Road project in 2016 and certain technology projects put on hold.

The fund balance for the Stormwater and Park Improvements Fund increased by \$440,210 due to the completion of the Recreation Complex renovations in 2016.

Fiduciary funds. The City maintains Fiduciary Funds for the assets of the uniformed personnel through the Police and Fire Pension Plan. As of December 31, 2016, the net position of the Pension Trust Fund totaled \$35,689,180 difference. This represents an increase of \$2,526,013 in total net position over the last year. This change is primarily due to an increase in the market value of the Pension Trust Fund's investments.

GENERAL FUND BUDGETARY HIGHLIGHTS

There was one budget amendment in the year 2016 in the General Fund, Capital Improvement Fund, Stormwater and Park Improvement Fund, Sewer Improvement Fund and the Library Fund.

The final revised budget of expenses for the City's General Fund for 2016 was \$10,784,281, which differs from the original adopted budget of \$11,159,096 by \$374,815. The most significant decrease in appropriations was for savings in the streets repaving project.

Revenues were \$415,138 below the final budgeted amount of \$11,859,053. Expenditures were \$128,222 below the final budgeted amount of \$10,784,281.

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

CAPITAL ASSETS

The City invested \$30,854,600 in a broad range of capital assets, including land, buildings, machinery and equipment, vehicles, and infrastructure. This amount represents a net increase for the current year (including additions and deletions) of \$1,134,533.

Capital assets, net of depreciation, were as follows:

	December 31,	
	2016	2015
Land and right-of-way	\$ 4,503,428	\$ 4,503,428
Construction in progress	1,618,145	8,733,483
Buildings and other improvements	17,975,106	10,406,542
Machinery equipment	1,354,096	1,301,313
Vehicles	1,694,122	1,507,011
Infrastructure	3,709,703	3,268,290
	\$ 30,854,600	\$ 29,720,067

All depreciable capital assets were depreciated from acquisition date to the end of the current year. Fund financial statements record capital asset purchases as expenditures.

Additional information on the City's capital assets can be found in Note IV of this report.

LONG-TERM DEBT

At the end of the year 2016, the City has outstanding long-term debt obligations for governmental activities in the amount of \$33,058,468 compared to \$36,872,666 in 2015. The City's governmental activities outstanding long-term debt obligations are detailed below:

	December 31,		2015 Change
	2016	2015	
Capital lease	\$ 432,458	\$ 542,666	(0.20) %
Certificates of participation	10,381,505	11,135,000	(0.07) %
Tax increment revenue bonds	22,244,505	25,195,000	(0.12) %
Total	\$33,058,468	\$36,872,666	(0.10) %

CITY OF BRENTWOOD, MISSOURI
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016

State statutes limit the amount of general obligation debt a government entity may issue to 10% of its total assessed valuation. The City's authorized debt limit for 2016 was \$30,040,530. As is shown in this long-term debt schedule, the City has no current debt applicable to this limit.

Additional information on the City's long-term debt can be found in Note III of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The 2017 General Fund budgeted expenditures total \$11,767,837, an increase of 3% from the 2016 final budget appropriation.

REQUESTS FOR INFORMATION

CITY OF BRENTWOOD, MISSOURI
 Reconciliation of the Governmental Funds Balance Sheet
 to the Statement of Net Position
 As of December 31, 2016

Total Fund Balance - Governmental Funds	\$ 13,932,521
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds financial statements. The cost of the assets is \$44,857,779 and the accumulated depreciation is \$14,003,179.	30,854,600
Certain assets (obligations) are not financial resources and, therefore, are not reported in the governmental funds. These items consist of:	
Net pension obligation - PFPP	(6,430,823)
Net pension assets - LAGERS	1,058,295
Deferred outflows of resources related to pensions:	
PFPP	1,621,728
LAGERS	1,628,501
Deferred inflows of resources related to pensions:	
PFPP	(190,277)
LAGERS	(477,034)
Net other post-employment benefit obligation	(41,766)
Property taxes assessed by the City, but not collected within 60 days of year end are deferred within the fund financial statements. However, revenue for this amount is recognized in the government-wide financial statements.	501,734
Grant revenue earned by the City, but not collected within 60 days of year end are deferred within the fund financial statements. However, revenue for this amount is recognized in the government-wide financial statements.	589,786
Certain long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at the year end consist of:	
Accrued interest payable	(151,443)
Compensated absences	(2,360,621)
Unamortized deferred amount on refunding	198,880
Bonds, notes payable, and capital lease obligations outstanding	(33,058,198)
Total Net Position of Governmental Activities	\$ 7,675,883

The accompanying notes to the financial statements are an integral part of this statement.

CITY OF BRENTWOOD, MISSOURI
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Year Ended December 31, 2016

Net Change in Fund Balances - Governmental Funds \$ 23,624

Amounts reported for governmental activities in the statement of activities are different because:

The governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets meeting the capitalization threshold is allocated over their estimated useful lives and recorded as depreciation expense. This is the amount by which depreciation (\$1,041,663) was exceeded by capital outlays over the capital outlays over the capitalization threshold (\$2,207,339) in the current period. 1,165,676

The net effect of various transactions involving capital assets is to increase net position as follows:

Proceeds from sale of capital assets	(54,087)	
Loss on disposal of capital assets	22,944	(31,143)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds

Taxes		144,953
Grants		278,653

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of those differences in the treatment of long-term debt and related items:

Issuance of tax increment revenue bonds	-	
Original bond discount	-	
Repayments:		
Debt and capital lease	3,975,208	
Amortization	24,904	
Accrued compensated absence liability - net decrease	234,533	4,234,645

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Accrued interest on debt	13,602	
Pension expense - PFPP	(431,889)	
Pension expense - LAGERS	(342,071)	
Other post-employment benefits	(13,836)	(774,194)

Change in Net Position of Governmental Activities \$ 5,042,214

The accompanying notes to the financial statements are an integral part of this statement.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

I. SUMMARY OF SIGNICANT ACCOUNTING POLICIES

The City of Brentwood, Missouri (City) was created in 1919. The City operates under a Mayor Council form of government and provides the following services: public safety (police and fire), public works, recreation, community development, and general administrative services.

The financial statements of the City have been prepared in conformity with U.S. Generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below:

Reporting Entity

The City defines its financial reporting entity in accordance with the provisions of Governmental Accounting Standards Board Statement No. 14 (GASB No. 14), *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units – an amendment of GASB Statement No. 14* and GASB Statement No. 61, *The Financial Reporting Entity – Omnibus*. A component unit is a legally separate organization for which the primary government is financially accountable or closely related. The City is financially accountable if it appoints a voting majority of a potential component unit's governing body and is able to impose its will on that potential component unit, or there is a potential for the potential component unit to provide specific financial benefits to, or impose specific financial burdens on, the City. The City has no component units.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. The effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, unrestricted interest earnings, gains, and other miscellaneous revenues not included among program revenues are reported instead as general revenues.

Following the government-wide financial statements are separate financial statements for governmental funds and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

I. SUMMARY OF SIGNICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (concluded)

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be measurable and available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, court fines, and interest associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the City used to account for all financial resources except those required to be accounted for in another fund.

Library Fund - The Library Fund is a Special Revenue Fund used to account for property taxes levied for the Brentwood Public Library.

Tax Increment Financing District Fund - The Tax Increment Financing District Fund is a Special Revenue Fund used to account for payments in lieu of taxes and economic activities taxes related to specific economic development projects.

Pension Tax Fund - The Pension Tax Fund is a Special Revenue Fund used to accumulate taxes for the Pension Trust Fund.

Capital Improvements Fund - The Capital Improvements Fund is a Capital Projects Fund used to account for improvements to park and recreational facilities and infrastructure improvements, which are funded by a ½% sales tax and general obligation bond proceeds.

Stormwater and Park Improvements Fund - This fund is used to account for improvements to park and recreational facilities and stormwater systems, which will be funded by a ½ % sales tax.

Additionally, the City reports the following fund types:

Pension Trust Fund - The Pension Trust Fund is used to account for assets of the Police and Firemen's Pension Trust Fund.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges and various other functions of the City. Eliminations of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

I. **SUMMARY OF SIGNICANT ACCOUNTING POLICIES (continued)**

Cash and Investments

The City considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, requires that all investments be reported in the financial statements at fair value. Fair value is established as readily determinable current market value for equity and debt securities.

The City's investment policy and state statutes authorize the City to invest in obligations of the U.S. Treasury, agencies, and instrumentalities. The Pension Trust Fund is also authorized to invest in corporate stocks and bonds as allowed by state law.

Allowance for Uncollectibles

Other receivables are shown net of an allowance for uncollectibles of \$-0-.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond the year-end are recorded as prepaid items. Prepaid items are equally offset by a fund balance categorized as nonspendable, which indicates that this portion of the fund balance is not in a spendable form or is required to remain intact. An expenditure/expense is reported in the year in which services are consumed.

Restricted Assets

Certain resources set aside for the payment of construction projects and tax increment financing bonds are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

Due To/From Other Funds

Noncurrent portions of long-term interfund loans receivable (reported in "advances to" asset accounts) are equally offset by a fund balance amount, which indicates that they do not constitute "available spendable resources" since they are not a component of net current position. Current portions of long-term interfund loans receivable (reported in "due from" asset accounts) are considered "available spendable resources" and are subject to elimination upon consolidation.

Capital Assets

Capital assets, which include property, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Infrastructure acquired prior to the implementation of GASB 34 has been reported.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

CITY OF BRENTWOOD, MISSOURI
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2016

I. **SUMMARY OF SIGNICANT ACCOUNTING POLICIES (continued)**

Capital Assets (concluded)

Depreciation is being computed on the straight-line method, using asset lives as follows:

<u>Assets</u>	<u>Years</u>
Buildings and other improvements	20 - 50
Machinery and equipment	5 - 30
Vehicles	8
Infrastructure	20

Compensated Absences

Earned vacation time is required to be used within one year of accrual. Upon termination, accumulated vacation is generally paid to the employee. Sick leave is generally paid upon termination. The City allows employees to accumulate unused sick leave to a maximum of 120 days (general) and 60 days (fire). A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Other Post-Employment Benefit Obligation

The City calculates and records a net other post-employment benefit obligation (OPEB) in the government-wide financial statements. The net OPEB is, in general, the cumulative difference between the actuarial required contribution and the actual contributions since January 1, 2014, the date of implementation. The City is not required to and has elected not to retroactively implement GASB 45. Details relating to the City's post-retirement health care benefits provided, OPEB liability, and its calculation are provided at Note VII.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts and the difference between the reacquisition price and the net carrying value or refunded debt are capitalized and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

I. **SUMMARY OF SIGNICANT ACCOUNTING POLICIES (continued)**

Deferred Outflows/Inflows of Resources (concluded)

In addition to liabilities, the statement of net position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has one type which arises only under a modified accrual basis of accounting, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources, property taxes and grant money earned but not yet available. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

In the government-wide financial statements, components of pension expense that are recognized over a period of time are classified as either deferred outflows of resources (using plan assets that are applicable to a future reporting period) or deferred inflows of resources (acquiring plan assets that are applicable to a future reporting period). Employer contributions subsequent to the measurement date of the net pension liability are required to be reported as deferred outflows of resources.

Pensions

The City records a net pension (asset) liability in the government-wide financial statements for defined benefit plans. The (asset) liability is calculated as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Details of the City's defined benefit plans are provided in Note V.

Fund Balance Policies

The fund balance amounts are reported in the following applicable categories listed from the most restrictive to the least restrictive:

Nonspendable - The portion of fund balance that is not in a spendable form or is required to remain intact.

Restricted - The portion of fund balance that is subject to external restrictions and constrained to specific purposes imposed by agreement, through constitutional provisions, or by enabling legislation.

Committed - The portion of fund balance with constraints or limitations by formal action (ordinance or resolution) of the Board of Aldermen, the highest level of decision-making authority.

Assigned - The portion of fund balance that the City intends to use for a specific purpose, as determined by the applicable City officials to which the Board of Aldermen has designated authority. The Board of Aldermen has authorized the City Administrator as the official authorized to assign fund balance to a specific purpose.

Unassigned - Amounts that are available for any purpose; these positive amounts are reported only in the General Fund.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

I. SUMMARY OF SIGNICANT ACCOUNTING POLICIES (concluded)

Fund Balance Policies (concluded)

The City's policy is to maintain a minimum unassigned fund balance in the General Fund equal to 15% of budgeted operating expenditures. The City's policy is to maintain a minimum assigned fund balance in the Storm Water and Park Improvements and Sewer Improvements Funds equal to 15% of budgeted operating expenditures.

When both restricted and unrestricted resources are available, the City will spend the most restricted amounts before the least restricted. The order in the use of funds therefore would be restricted, committed, assigned, and unassigned.

Property Tax Revenue

Property taxes attach as an enforceable lien on property as of January 1, based on the assessed value of the property. Taxes are levied in October and are due and payable on or before December 31.

Property tax revenue is recognized to the extent it is collected within 60 days after year-end in the fund financial statements. Property taxes not collected within 60 days of year-end are recognized as a deferred outflow of resources, unavailable revenue-property taxes, for fund financial statements but are recognized as revenue in the government-wide financial statements.

All property tax assessment, billing, and collection functions are handled by the St. Louis County government. Taxes collected are remitted to the City by the St. Louis County Collector (the County Collector) in the month subsequent to the actual collection date. Taxes held by the County Collector, if any, are included in property taxes receivable in the accompanying fund financial statements.

Interfund Transactions

In the fund financial statements, the City has the following types of transactions among funds:

Transfers – Legally authorized transfers are reported when incurred as transfers in by the recipient fund and as transfers out by the disbursing fund.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are payment-in-lieu of taxes and other charges and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Use of Estimates

The preparation of basic financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

II. CASH AND INVESTMENTS

Deposits

The City's bank deposits are required by state law and the City's policy to be secured by the deposit of certain securities specified at RSMo 30.270 with the City or trustee institution. The value of the securities must amount to the total of the City's cash not insured by the Federal Deposit Insurance Corporation.

At December 31, 2016, the City's bank balances were entirely secured or collateralized with securities held by the City or by its agent in the City's name.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

II. CASH AND INVESTMENTS (continued)

Investments

As of December 31, 2016, the City had the following investments:

Investments	Fair Value	Maturities					Credit Risk
		No Maturity	Less Than One Year	1-5 Years	6-10 Years	More Than 10 Years	
Primary Government							
Money market funds	\$ 5,406,640	\$ 5,406,640	\$ -	\$ -	\$ -	\$ -	AAAm
Fiduciary Funds							
Money market funds	434,456	434,456	-	-	-	-	Aaa-mf
Mutual fund:							
Domestic equities	15,434,897	15,434,897	-	-	-	-	N/A
International equities	5,959,451	5,959,451	-	-	-	-	N/A
Fixed income	4,215,850	-	-	-	4,215,850	-	BB
Real estate investment trust	3,340,024	3,340,024	-	-	-	-	N/A
External investment pool	5,896,777	-	-	-	5,896,777	-	AA
Total Fiduciary Investments	35,281,455	25,168,828	-	-	10,112,627	-	
Grand Total Investments	\$ 40,688,095	\$ 30,575,468	\$ -	\$ -	\$ 10,112,627	\$ -	

The above investments are measured at fair market value based on the exit price for these investments at the fiscal year end date. These are all considered to be measured on a Level 1 on the fair market value hierarchy.

Investments Policies

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

In accordance with their policies, the City and the Police and Fire Fighters' Pension Plan (fiduciary investment policy) address credit risk by diversifying their investment portfolio. In addition, the City's policy states that the City will minimize credit risk by establishing a pre-approved list of financial institutions and companies that the City is restricted to when purchasing commercial paper; conducting regular credit monitoring and due diligence of these issuers; and pre-qualifying the financial institutions and broker/dealers with which the City will do business for broker services and repurchase agreements.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes.

It is the City's policy to minimize interest rate risk by maintaining an effective duration of less than 3 years and holding at least 25% of the portfolio's total market value in securities with a maturity of 12 months or less.

The Police and Fire Fighters' Pension Plan requires active managers to manage the effective duration of their portfolio type comparable to their peers and relative to specific indices outlined in the Plan's policies.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer.

CITY OF BRENTWOOD, MISSOURI
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2016

II. CASH AND INVESTMENTS (concluded)

Investments Policies (concluded)

It is the City's policy that no more than 5% of the total market value of the portfolio may be invested in any one issuer for commercial paper and bankers' acceptances and 15% for repurchase agreements.

It is the Police and Fire Fighters' Pension Plan policy to diversify the portfolio so that potential losses on individual securities will be minimized. No more than 5% of the total value of the portfolio may be invested in any one company at the time of purchase. Investments used to fund future uplift benefits for the Police and Fire Fighters' Pension Plan are limited as follows:

	Pension Plan Target	Range
Domestic Large Cap Equities	25%	20-30%
Domestic Small/Mid Cap Equities	15%	10-20%
International Equities	20%	15-25%
Fixed-Income Investments	30%	25-35%
Real Estate	10%	0-15%

Custodial Credit Risk

For deposits, custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution, or by a single collateral pool established by the financial institution.

For investments, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. In accordance with its policy, the City addresses custodial risk by diversifying the investment portfolio.

III. LONG-TERM DEBT

Long-term debt as of December 31, 2016, consisted of the following:

Certificates of Participation

2014 certificates of participation issue of \$5,760,000 used for renovating the existing recreation complex and such other capital improvements as the Board of Aldermen deems advisable and currently refunding the 2003 certificates of participation issue which was originally used for renovating, improving, furnishing, and equipping the existing library and city hall. Interest rates range from 2.0% to 3.5%. Maturity date is October 1, 2024.	\$ 5,500,000
2009 certificates of participation issue of \$7,500,000 used for advance refunding of the 2002 issue, constructing the firehouse, and renovating city hall. Interest rates range from 2% to 4.6%. Maturity date is October 1, 2030.	<u>4,680,000</u>
Total Certificates of Participation	<u>\$ 10,180,000</u>

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

III. LONG-TERM DEBT (continued)

A summary of principal debt service requirements is as follows:

For The Year Ending December 31,	Certificates of Participation		
	Principal	Interest	Total
2017	\$ 975,000	\$ 368,970	\$ 1,343,970
2018	1,000,000	340,770	1,340,770
2019	1,040,000	306,220	1,346,220
2020	1,080,000	270,270	1,350,270
2021	1,120,000	229,995	1,349,995
2022-2026	3,550,000	625,885	4,175,885
2027-2031	1,415,000	163,745	1,578,745
Total	\$ 10,180,000	\$ 2,305,855	\$ 12,485,855

Tax Increment Revenue Bonds

The City has tax increment revenue bonds, which are special limited obligations of the City, payable solely from payments in lieu of taxes attributable to the increase in assessed value of real property, incremental increases in economic activity taxes in the project area, and monies on deposit in the Debt Service Reserve Fund. The bonds do not constitute a general obligation of the City.

In May 2015, the City issued Tax Increment Revenue Refunding Bonds (Hanley Station Redevelopment Project), Series 2015 to current refund the outstanding Tax Increment Revenue Bonds (Hanley Station Redevelopment Project), Series 2008. As a result of the refunding, the City decreased its total debt service requirements by \$1,074,149 which resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$914,274 less cash transfer from prior issue of \$566,164 for a total net present value benefit of \$348,110.

Bonds outstanding at December 31, 2016, are as follows:

	Date Issued	Date of Maturity	Date of Annual Payment	Interest Rate	Original Amount	Balance December 31, 2016
Tax increment revenue bonds:						
Brentwood Eager Road - A	12-21-2007	11-1-2023	May 1	0.5%	\$ 7,675,000	\$ 6,060,000
Brentwood Eager Road - B	12-27-2007	11-1-2023	May 1	0.5%	13,235,000	10,775,000
Hanley Station Refunding	5-4-2015	11-1-2026	Nov 1	3.2%-4.0%	6,135,000	5,450,000
Total						\$ 22,285,000

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

III. LONG-TERM DEBT (continued)

There is no future repayment schedule for these bonds as they are secured by tax revenue that cannot be estimated. As the tax revenue is received, it is remitted to the bond company as payment, but there is no way to estimate the portion that will be received in the future. Also, interest rates are subject to change and it is impossible to be certain what portion of the bonds will be paid out in the future.

Capital Lease Agreements

At December 31, 2016, the City is obligated under leases that are classified as capital leases.

In 2015, the City entered into a lease purchase agreement for technology equipment. The lease is for a total of \$208,530 and calls for annual payments of \$41,706. The final payment under this lease is due in January 2019.

In 2013, the City entered into a lease purchase agreement for fire department equipment. The lease is for a total of \$533,460 and calls for annual payments of \$84,114. The final payment under this lease is due in April 2020.

The equipment purchased under these capital lease agreements is included in capital assets in the government-wide financial statements, net of accumulated depreciation. As of December 31, 2016, the total cost is \$893,196 and the total accumulated depreciation is \$262,373.

Future minimum lease payments under capital leases described above are as follows:

For The Year Ending December 31,	Certificates of Participation		
	Principal	Interest	Total
2017	\$ 113,441	\$ 12,378	\$ 125,819
2018	116,773	9,047	125,820
2019	120,206	5,614	125,820
2020	82,038	2,076	84,114
Total	\$ 432,458	\$ 29,115	\$ 461,573

The following is a summary of the changes in the City's long-term debt:

V. EMPLOYEE RETIREMENT SYSTEMS

A. Police and Fire Pension Plan (PFPP)

Plan Description and Provisions

Substantially all of the City's full-time police and fire employees participate in the PFPP, a single-employer, defined benefit pension plan. The Plan was created and is governed by City ordinance in accordance with Missouri state statutes. Contribution requirements are established by City ordinance. The Plan is included in the financial statements of the City as a Pension Trust Fund and does not issue a separate financial statement. The Plan may be amended under the provisions of the original ordinance.

Basis of Accounting

The financial statements of the Pension Trust Fund are prepared on the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Administrative costs of the Plan are paid by a portion of the City's contribution and the earnings from its investments.

As of January 1, 2017, (the most recent actuarial valuation date), membership in the PFPP is comprised of the following:

Group	January 1, 2017
Retirees, disabled, and beneficiaries currently receiving benefits and vested terminated employees	37
Active employees:	
Fully vested	38
Nonvested	11
	86

The Pension Plan provides that a member with 10 or more years of service may retire at age 55 and receive a monthly retirement benefit equal to 3.5% of final two-year average salary times the number of years of service, up to 20 years plus 1 % of final two-year average salary for each of the next 10 years. Upon the death of the retired member, two-thirds of the monthly benefit will be continued to his/her widow until their death or remarriage. Children's benefits are also payable. The Plan also provides death and disability benefits.

Employees of the police and fire departments are required to pay 6% of their base salary to the Pension Plan. Payments are deducted from the employees' salaries and remitted by the City to the Pension Trust Fund on a biweekly basis. Other funding is provided to the Pension Trust Fund in the form of ad valorem tax. If an employee leaves the employment of the City with less than 10 years of service, the accumulated contributions are refunded to the employee.

CITY OF BRENTWOOD, MISSOURI
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2016

V. **EMPLOYEE RETIREMENT SYSTEMS (continued)**

Net Pension (Asset) Liability

The City's net pension (asset) liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension (asset) liability was determined by an actuarial valuation as of January 1, 2017.

Actuarial Methods and Assumptions

The information presented in the required supplementary schedule was determined as part of the actuarial valuation at the date indicated. Additional information as of the latest actuarial valuation follows:

Actuarial cost method *	Entry age normal
Asset valuation method	At market value
Amortization method	Level dollar
Amortization period *	20 year open period that is reset each year
Actuarial assumptions:	
Investment rate of return	7%
Projected salary increases	4.50%
Inflation rate	2.75%
Cost of living provision	2.0% annually, maximum 20.0% increase
Mortality	Pre-retirement: RP-2014 healthy employee for males set back 4 years for females Post-retirement: RP-2014 healthy annuitant for males set back 4 years for females

B. Missouri Local Government Employees Retirement System (LAGERS)

Plan Description

All of the City's full-time employees (as defined), excluding police and firemen, and under certain circumstances elected officials, are eligible to participate in LAGERS. LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death and disability benefits to employees of participating political subdivisions. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 and receive a reduced allowance. The LAGERS Board of Trustees establishes the benefit plans and provisions that are available for adoption. The political subdivision's governing body adopts all benefits of the plan.

2016 Valuation

Benefit Multiplier:	1.75%
Final Average Salary:	3 Years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered By Benefit Terms

At June 30, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	42
Inactive employees entitle to but no yet receiving benefits	37
Active employees	54
	133

CITY OF BRENTWOOD, MISSOURI
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2016

V. EMPLOYEE RETIREMENT SYSTEMS (continued)

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 5.2% (General) of annual covered payroll.

Net Pension Liability

The employer's net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 29, 2016.

Actuarial Assumptions

The total pension liability in the February 29, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%
Salary Increase	3.5% to 6.8% including inflation
Investment rate of return	7.25%

Mortality rates were based on the 1994 Group Annuity Mortality Table set back 3 years for both males and females.

The actuarial assumptions used in the February 29, 2016, valuation were based on the results of an actuarial experience study for the period March 1, 2005, through February 29, 2010.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity	48.50%	5.50%
Fixed Income	25.00%	2.25%
Real Assets	20.00%	4.50%
Strategic Assets	6.50%	7.50%

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

V. EMPLOYEE RETIREMENT SYSTEMS (continued)

Discount Rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

2021	7,111
Thereafter	-
Total	<u>\$ 1,056,112</u>

VI. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. In accordance with GASB Statement No. 32, *Deferred Compensation Plans*, the City does not report the assets and associated liabilities within their financial statements as the deferred compensation plan is now a trust fund whose assets are not held by the City in a fiduciary capacity.

VII. POST-RETIREMENT HEALTH CARE BENEFITS

Plan Description

The City sponsors a Post-Retirement Health Plan (the "Plan"), which is a single-employer defined benefit healthcare plan administered by the City. A stand-alone financial report is not available for the Plan. The City pays \$250 per month toward the cost for the City's medical insurance for the retiree. Spouses are not included in the plan. In order to be eligible, retirees must be at least age 55 with at least 5 years of service (20 years of service for police and fire employees). Coverage ends when the retiree reaches age 65.

The City also provides a Deductible Reimbursement Program ("DRP"). Retirees can receive up to 75% of their in-network deductible for medical expenses. The DRP applies to both individual and family in-network deductible amounts.

CITY OF BRENTWOOD, MISSOURI
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2016

VII. POST-RETIREMENT HEALTH CARE BENEFITS (continued)

As of January 1, 2015, the date of the latest actuarial valuation, membership consisted of 106 active employees and 11 retirees.

Funding Policy

The required contribution is based on projected pay-as-you-go financing requirements. As of December 31, 2016, no trust has been established for the funding of the Plan's post-employment benefit obligation. Additional information is presented as required supplementary information, schedule of funding progress.

Annual OPEB Cost and Net OPEB Obligation

The City's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), and amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years on an open basis. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the City's net OPEB obligation, as of December 31, 2016:

Annual required contribution	\$	121,673
Interest on net OPEB obligation		1,257
Adjustment to annual required contribution		<u>(909)</u>
Annual OPEB Cost		122,021
Actual contributions		<u>108,185</u>
Increase (decrease) in net OPEB obligation		13,836
Net OPEB obligation, beginning of year		<u>27,930</u>
 Net OPEB Obligation, End of Year	 \$	 <u>41,766</u>

The net OPEB obligation is generally liquidated by the General Fund.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for 2016 and the two preceding years were as follows:

For the Years Ended December 31,	Annual OPEB Cost	Percentage Of Annual OPEB Cost Contributed	Net Pension Obligation
2016	\$ 121,673	88.7%	\$ 41,766
2015	121,898	91.9%	27,930
2014	121,673	85.2%	18,019

The City implemented GASB Statement No. 45, for the year ended December 31, 2014; therefore, information for prior years is not available.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

VII. POST-RETIREMENT HEALTH CARE BENEFITS (concluded)

Funded Status and Funding Progress

As of January 1, 2015, the most recent actuarial valuation date, the plan was not prefunded. The actuarial accrued liability for benefits was \$1,375,577, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,375,577. As of December 31, 2016, the covered payroll (annual payroll of active employees covered by the plan) was \$6,618,536 and the rate of the UAAL to the covered payroll was 20%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial liability for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2015, actuarial valuation, entry age normal method was used. The actuarial assumptions included a 4% investment rate of return assuming the benefits are not pre-funded. The discount rate is based on the expected earnings of the City's general fund. Payroll is assumed to increase at a rate of 5% for police and fire and 3% for all others. The healthcare trends used in the valuation are based on long term healthcare trends generated by health actuaries that reflect how the cost of medical benefits varies by age and gender. The health mortality is based on the RP2000 Mortality Male Table for males and the RP2000 Mortality Male Table set back 4 years for females. The amortization period of the unfunded Actuarial Accrued Liability AAL is 30 years. The remaining amortization period at December 31, 2016, was 28 years. An inflation rate of assumption of 3% was used.

CITY OF BRENTWOOD, MISSOURI

IX. INTERFUND ASSETS/LIABILITIES

Individual interfund assets and liabilities are as follows:

Receivable Fund	Payable Fund		
General Fund	Capital Improvements Fund	\$	302
General Fund	Sewer Improvement Fund		46,978
Library Fund	General Fund		1,047
Tax Increment Financing District	General Fund		114,536
Stormwater and Parks Improvements	General Fund		28,825
Nonmajor Funds	Tax Increment Financing District		888,915
Pension Trust Fund	Pension Tax Fund		407,725
		\$	1,488,328

CITY OF BRENTWOOD, MISSOURI
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2016

IX. INTERFUND ASSETS/LIABILITIES (concluded)

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made. All interfund balances are expected to be repaid during the year ending December 31, 2016.

X. INTERFUND TRANSACTIONS

Individual interfund transactions are as follows:

<u>Transfers In</u>	<u>Transfers Out</u>		
Tax Increment Financing District Fund	Tax Increment Financing District Fund	\$	105,520
Capital Improvements Fund	General Fund		622,000
Nonmajor Funds	Library Fund		36,696
Nonmajor Funds	Tax Increment Financing District Fund		1,976,313
Nonmajor Funds	Capital Improvements Fund		719,078
Nonmajor Funds	Stormwater and Park Improvements Fund		592,477
Nonmajor Funds	Nonmajor Funds		3,355,983
		<u>\$</u>	<u>7,408,067</u>

Interfund transfers were used to 1) move revenues from the fund that ordinance or budget requires to collect them to the fund that ordinance or budget requires to expend them, 2) use unrestricted revenues collected in the General Fund to finance capital improvements and other funds in accordance with budgetary authorization, or 3) move revenues in excess of current year expenditures to other funds.

XI. COMMITMENTS AND CONTINGENCIES

Operating Leases

The City leases copier equipment under the terms of certain operating lease agreements with terms in excess of one year. Annual aggregate lease payments remaining under the terms of these operating lease agreements as of December 31, 2016, are as follows:

<u>Year Ending</u> <u>December 31,</u>	<u>Total</u>
2017	\$ 11,124
2018	191
	<u>\$ 11,315</u>

Total operating lease rental expenditures of approximately \$11,000 for the year ended December 31, 2016, are included in contractual services expenditures of the respective funds.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

XI. COMMITMENTS AND CONTINGENCIES (concluded)

Claims and Legal Actions

The City generally follows the practice of recording liabilities resulting from claims and legal actions only when they become fixed and determinable in amount. Various suits and claims against the City are presently pending. It is management's opinion that any liability resulting from pending suits in excess of insurance coverage will not have a material effect on the basic financial statements of the City at December 31, 2016.

Construction Commitments

The City has entered into approximately \$1.4 million of construction contracts for the Hanley Industrial Court Pedestrian project and the renovation of the Oak Tree Park Pavilion, of which approximately \$1.36 million of work remains to be performed as of December 31, 2016.

XII. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City, along with various other local municipal governments, participates in an insurance trust for workers' compensation and for general liability matters (St. Louis Area Insurance Trust SLAIT). The purpose of this trust is to distribute the cost of self-insurance over similar entities. The trust requires an annual premium payment to cover estimated claims payable and reserves for claims from each entity. The members of the trust have no legal interest in the assets, liabilities, or fund balances of the insurance trust. However, the City retains a contingent liability to fund its pro rata share of any deficit incurred by the trust should the trust cease operations at some future date. The trust has contracted with an insurance agent to handle all administrative matters, including processing of claims filed. The City's premium payment to the trust during 2015 was \$487,248.

The City also purchases commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

XIII. UNRESTRICTED NET POSITION

The government-wide statement of net position reflects an unrestricted (deficit) net position of (\$22,296,942). This total is comprised of \$11,942 in unrestricted net position from operations and unrestricted (deficit) net position resulting from the issuance of various TIF revenue bonds and notes of (\$22,285,000), which is for development not owned by the City.

The City's responsibility to repay the TIF bonds and notes extends only to the incremental revenues generated by the TIF district. The TIF bonds and notes are a special limited obligation of the City and are not used in calculating the City's debt limit.

XIV. RESTRICTED NET POSITION

The government-wide statement of net position reports \$9,891,423 of restricted net position, of which \$5,477,565 is restricted by enabling legislation.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

XV. TAX INCREMENT REVENUES PLEDGED

The City has pledged a portion of future tax revenues to repay tax increment revenue bonds issued to finance certain improvements in the City. The bonds are payable solely from the incremental taxes generated by increased sales and assessed property values in the improved area. Incremental taxes were projected to produce 100% of the debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds per Note III is payable through November 2026. For the current year, principal and interest paid and total incremental tax revenues were \$3,225,055 and \$2,154,142, respectively.

XVI. FEDERAL FORFEITURE ACTIVITY

The City had \$48,198 in revenues plus a carryover balance of \$84,933 from the prior year and \$63,531 in expenditures, resulting in an ending balance of \$69,600 as of December 31, 2016, for Federal forfeitures.

XVII. COMMUNICATIONS -JOINT VENTURE

Dispatching services for the fire and police departments are provided by the East Central Dispatching Center, a consortium created by adjacent cities. The fee paid by each city is based primarily on the number of calls for service (911) attributed to each city.

The administration of the joint dispatching venture is overseen by a Board of Directors, comprised of the City Manager or City Administration, from each of the participating municipalities. This joint venture was developed in order to share operating costs thereby saving overall expenses incurred by each participating municipality. In addition, the joint effort is expected to improve equipment and increase the likelihood of obtaining grant funds.

This joint venture has not currently enhanced or hindered the City's financial operations. During the year end of December 31, 2016, the City paid approximately \$212,000 to the East Central Dispatching Center for dispatching services. The City remains liable for their representative share of current and potential liabilities. A separately issued financial report can be obtained for this entity at the City's finance department.

XVIII. SECTION 479.350.1 RSMo REQUIREMENTS

Under Senate Bill 5, the State of Missouri requires all municipalities to provide an accounting of annual general operating revenue from fines, bond forfeitures and court costs for minor traffic violations, since the Bill went into law on August 28, 2015, in the municipality's annual financial report. The purpose of the bill is to make sure municipalities are not generating more than 20% of their operating revenue from fines, bond forfeitures and court costs for minor traffic violations. The City of Brentwood's revenues from fines, bond forfeitures and court costs for minor traffic violations were 0.84% of operating revenues and 0.83% of total revenues during 2016.

XIX. RECENT ACCOUNTING PRONOUNCEMENTS

GASB Statement No. 74— *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governments OPEB plans for making decisions and assessing accountability. This Statement is effective for periods beginning after June 15, 2016.

GASB Statement No. 75 — *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement is effective for periods beginning after December 15, 2017.

GASB Statement No. 81 — *Irrevocable Split-Interest Agreements*. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. This Statement is effective for periods beginning after December 15, 2016.

GASB Statement No. 82 — *Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73*. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This Statement is effective for periods beginning after June 15, 2016.

GASB Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. This Statement is effective for periods beginning after June 15, 2018.

GASB Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement is effective for periods beginning after December 15, 2018.

GASB Statement No. 85, *Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits. This Statement is effective for periods beginning after June 15, 2017.

GASB Statement No. 86, *Certain Debt Extinguishment Issues*. The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources-resources other than the proceeds of refunding debt-are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. This Statement is effective for periods beginning after June 15, 2017.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2016

XX. TAX ABATEMENT

The City is involved, through St. Louis County, in a tax abatement agreement with local businesses under the Urban Redevelopment Corporations under Ch. 353 of the RSMos. Under this program, localities may grant property tax abatements of up to 50% of a business' property tax bill for the purpose of providing Urban Redevelopment Corporations real property tax abatements.

For the year ended December 31, 2016, the City abated property taxes totaling \$69,403 under this program, including the following tax abatement that made up for the entire abatement amount.

- A 50 percent property tax abatement to Rankin Redevelopment Corporation for opening the corporation under the program described above. The abatement amounted to \$69,403.

CITY OF BRENTWOOD, MISSOURI
NOTES TO THE BUDGETARY COMPARISON SCHEDULES
FOR THE YEAR ENDED DECEMBER 31, 2016

Budgets

Budgets are adopted on a basis consistent with U.S. generally accepted accounting principles. Annual appropriated budgets are adopted for the General, Library, Capital Improvements, Stormwater and Park Improvements, and Sewer Improvements Funds. All annual appropriations lapse at year-end.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. Public hearings are conducted to obtain comments from all interested parties for a proposed budget.
- b. The budget for the coming year is formally adopted on or before the last day of the year ending (the City's 2016 budget was not approved by the Board until February 16, 2016).
- c. Expenditures may not legally exceed budgeted appropriations at the department level or by projects as approved by City Aldermen. Management may authorize transfers of appropriations within a department. Intergovernmental receipts and related expenditures are not budgeted.
- d. Current year budget includes amendments. Budget amendments must be approved by the Board of Aldermen.

This schedule is intended to show information for ten years. Additional years will be displayed as they become available.

CITY OF BRENTWOOD, MISSOURI
 Missouri Local Government Employees Retirement System (LAGERS)
 Schedule of Employer Contributions
 For the Year Ended December 31, 2016

The following exhibit is history of contributions to the LAGERS plan.

	Year Ended December 31,									
	2016	2015	2014	2013	2012	2011	2010	2009	2008	2007
Actuarially determined contribution	\$ 179,648	\$ 242,983	\$ 310,699	\$ 366,738	\$ 372,566	\$ 379,890	\$ 379,511	\$ 234,900	\$ 225,659	\$ 226,125
Contributions made in relation to the actuarial determined contributions	179,648	242,983	310,699	366,738	372,617	312,653	276,311	234,900	225,659	226,019
Contribution deficiency	\$ -	\$ -	\$ -	\$ -	\$ (51)	\$ 67,237	\$ 103,200	\$ -	\$ -	\$ 106
Covered - employee payroll	\$ 2,566,390	\$ 2,963,201	\$ 3,106,992	\$ 3,303,950	\$ 3,268,123	\$ 3,361,855	\$ 3,329,046	\$ 3,217,804	\$ 3,008,788	\$ 2,862,339
Contribution as a percentage of payroll	7.00%	8.20%	10.00%	11.10%	10.30%	9.30%	8.30%	7.30%	7.50%	7.90%

Notes to Schedule:

Methods and assumptions used to determine contribution rates for the most recent year include:
 Valuation Date February 28/29 of each year
 Actuarial cost method Entry age normal cost
 Amortization method Level percentage of payroll, closed.
 Remaining amortization period Multiple bases from 14 to 15 years
 Asset valuation method 5-year smoothed market, 20% corridor
 General Inflation 3.5% wage inflation; 3.0% price inflation
 Salary Increases 3.5% to 6.8% including wage inflation
 Investment rate of return 7.25%, net of investment and administrative expenses
 Retirement age Experience-based tables of rates that are specific to the type of eligibility condition
 Mortality 105% of the 1994 Group Annuity Mortality Table set back 0 years for men and 0 years for women. Based upon experience observed during the most recent 5-year period of study. It appears that the current table provides for an approximate 13% margin for future mortality improvement.

CITY OF BRENTWOOD, MISSOURI
 Other Post-Employment Benefits Plan - Schedule of Funding Progress
 For the Year Ended December 31, 2016

The following required supplementary information relates to the City's other post-employment benefits program. The City implemented GASB Statement No. 45 for the year ended December 31, 2014; therefore, information for prior years is not available.

Year Ended	Actuarial Valuation Date	(a) Actuarial Value of Assets	(b) Actuarial Accrued Liability	(b-a) Unfunded Actuarial Accrued Liability (UAAL)	(a/b) Funded Ratio	(c) Covered Payroll	((b-a)/c) UAAL as a Percentage of Covered Payroll
2016	1/1/2015	\$ -	\$ 1,375,577	\$ 1,375,577	0.0%	\$ 6,618,536	20.8%
2015	1/1/2015	\$ -	\$ 1,375,577	\$ 1,375,577	0.0%	\$ 6,992,220	19.7%
2014	1/1/2015	\$ -	\$ 1,375,577	\$ 1,375,577	0.0%	\$ 6,913,337	19.9%

Note: The results shown above are based on plan provisions and long-term assumptions and methods summarized in Note VII.

Other Supplementary Information

CITY OF BRENTWOOD, MISSOURI
NOTES TO NONMAJOR GOVERNMENTAL FUNDS – CAPITAL PROJECTS
AND DEBT SERVICE FUNDS
FOR THE YEAR ENDED DECEMBER 31, 2016

Nonmajor Governmental Funds Capital Projects Funds

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Sewer Improvements Fund -This fund is used to monitor the funding of sewer improvements throughout the City, which are funded by special assessments.

Debt Service Funds

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Debt Service Fund -This fund is used to account for the accumulation of resources for the Tax Increment Refunding Revenue bonds' principal and interest. Brentwood Hanley Station and Brentwood Eager Road include this fund.

Debt Service Reserve Fund -This fund is used to account for the amounts reserved according to the Tax Increment Refunding Revenue bond issue. Brentwood Hanley Station and Brentwood Eager Road include this fund.

Economic Activity Tax Revenue Fund -This fund is used to account for the accumulation of resources for, and the payment of, Tax Increment Refunding Revenue bonds' principal and interest. Brentwood Hanley Station and Brentwood Eager Road include this fund.

Pilots Fund -This fund is used to account for the accumulation of resources for, and the payment of, Tax Increment Refunding Revenue bonds' principal and interest. Brentwood Hanley Station and Brentwood Eager Road include this fund.

Municipal Revenue Fund -This fund is used to account for the accumulation of resources for, and the payment of, Tax Increment Refunding Revenue bonds' principal and interest. Brentwood Hanley Station and Brentwood Eager Road include this fund.

Redemption Fund -This fund is used to account for the accumulation of resources for, and the payment of, Tax Increment Refunding Revenue bonds' principal and interest. Brentwood Hanley Station and Brentwood Eager Road include this fund.

Revenue Fund -This fund is used to account for the accumulation of resources for, and the payment of the certificates of participation principal and interest. Police and Fire Station, Refunding Library, and Recreation Complex include this fund.

Reserve Fund -This fund is used to account for the amounts reserved according to the certificates of participation bond issue. Police and Fire Station, Refunding Library, and Recreation Complex include this fund.

Statistical Section

CITY OF BRENTWOOD, MISSOURI
STATISTICAL INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2016

Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	67-72
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources.	73-77
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	78-80
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	81-82
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	83-85

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) Taxable sales reported by the Missouri Department of Revenue. State Law prohibits the disclosure of specific taxpayer information.

Note: The City participates in the county-wide sales tax sharing pool, which is generally distributed based on population.

Note: The City's direct rate is made up of the following:

- 0.500% Capital improvements sales tax
- 0.500% Parks and stormwater sales tax
- 0.250% Fire sales tax
- 0.250% Local option sales tax
