

Talk With the Hawk

Waiting on Spring...

A Note from Major Hawkins Bureau of Community Policing Commander, Brentwood Police

Happy middle of the winter, Brentwood! Luckily, it's not all as drab and dreary as it seems. I hope many of you were able to join us for the annual Ice Festival at the Brentwood Ice Rink! It was a huge success, which means a lot to us first responders because it was also a fundraiser for Backstoppers!! Thanks to everyone in our community who came out to support first responders, donated items for the silent auction, and who came out to show off their skills on the ice!

I would like to take this opportunity to recognize our January Officers of the Month, Corporal Nick Lang and Officer Amer Habibovic.

In the month of January these officers were called to assist a "person down" who was found to be unconscious. They immediately and successfully attempted life-saving measures and were able to bring the individual back to consciousness. If you see these fine officers out

and about, please be sure to thank them for their service!

In other news, the City of Brentwood has seven FLOCK license plate reader cameras up and running in the city of warmth. These cameras have given our officers a heads up when a wanted vehicle enters our town and has led to numerous felony arrests, recovered vehicles, and has assisted in the prevention of many vehicle-related crimes – all right here in Brentwood.

Although this technology is helping us to identify potential thieves, please continue to do your part and call 911 if you see anything suspicious or dangerous.

Don't forget to have the little ones out to "Cops and Bobbers" on March 18th at the Rec Center, and hopefully we will see some of our teens at the Teen Night at YMCA on March 19th!
